This is the failure sketch I made for the first comic book's cover's plan. Why did it fail, you asked? Because the main character is not drawn there.

Looks like he's in full spirit, right?
This is my first sketch of lionmaru. I drew it for the commercial

Welcome to the flourishing heisei era...
The new drug that spread out famous in the current society, especially among youngsters has became a social problem
The drug's name is "redxblue"
Simply by wearing a special contact lens,
one can feel a tremendous excitement
an easy and cheap way to amuse oneself?
AAH ♡
However, the drug causes side effect that varies between people
Some people had their souls journeyed to the "unseen world" and became the world's master forever
The society gave a name to those junkies

THEY CALLED THEM "KABUKI-MON"

AND
DESPISED
THEM

NEW KABUKI DISTRICT
In the end, just like the summer cicadas
all of them ended here, in this place
along with the recession and bad economy at the time the city crime increased... at west Shinjuku's "new kabuki district"
the spreading of "redxblue"
a drug that easily lead it user into ecstasy has started to disturb the city's order
In the future, historian called this era as
"neo kabuki" era
